Second, That the highest circulation of any other morning paper is at least 600,000 copies per week less than that of THE WORLD.

Third, That the regular circulation of THE SUNDAY WORLD is more than 100,000 copies larger than that of the next highest, and from two to five times as large as that of other Sunday papers.

The Average Circulation of THE WORLD per day during the month of February in the years 1885, 1886 and 1887 was as follows :

The Boston Herald.

BOSTON, - - - MASSACHUSETTS.

R. M. PULSIFER & CO., - - - PUBLISHERS.

HAS THE LARGEST BONA FIDE CIRCULATION OF ANY PAPER IN NEW
ENGLAND. EVERY PAPER GOES TO A READER, AND
NONE TO THE JUNK SHOP.

THE IMMENSE ADVERTISING PATRONAGE OF THE "HERALD" PROVES THAT
THE FOREGOING FACT IS THOROUGHLY UNDERSTOOD
BY ADVERTISERS.

Advertisers, in making up their lists, should take into consideration the difference between
newspapers that base their circulation on actual sales, and those that claim
a circulation based on the number of papers printed.

THE BOSTON HERALD

belongs to the first class, and having the largest **Bona Fide Circulation** in New
England, its patrons do not pay for the insertion of their advertisement in hun-
dreds of papers that are never read, but simply printed for the sake
of selling the apparent circulation.

The Daily News.

CHICAGO,

ILLINOIS.

IF YOU WANT TO TALK TO THE PEOPLE OF CHICAGO

Why not talk to ALL of them? That you may come the nearest to actually doing this through The DAILY NEWS' advertising columns is evident from the following facts

The last school census gave Chicago a population of 629,985. Assuming that it is now 700,000 and adopting the usual divisor (5), the number of families in Chicago cannot be far from.....	140,000
Possibly in one-seventh of these not a single member is able to read English. If so, deduct.....	20,000
Leaving of English-speaking families in the city, say.....	120,000
(If you take exception to any of these estimates change them to your own liking—the argument will still hold.)	
"THE DAILY NEWS" now prints and sells regularly an average daily issue of.....	150,000
(Please call at our office and SATISFY yourself that this statement is true. Most papers lie on this subject—we don't.)	
Of this number we circulate outside of Chicago—in round numbers.....	30,000
Some people buy more than one edition of "THE DAILY NEWS" every day—perhaps as many as.....	10,000
Deduct then.....	40,000
Leaving a net CITY circulation, without duplication, of.....	110,000
If these estimates are correct it follows that a copy of "THE DAILY NEWS" goes into each of the English-reading families of Chicago, excepting only.....	10,000
Or, that about 92 per cent. of the English-reading families of Chicago buy at least one copy of "THE DAILY NEWS" every week day.	

IF YOU HAVE ANYTHING TO SAY TO THESE PEOPLE THERE IS NO WAY IN WHICH YOU CAN DO IT SO CHEAPLY AS THROUGH THE ADVERTISING COLUMNS OF "THE DAILY NEWS."

THE REPRESENTATIVE SOUTHERN NEWSPAPER.

LOUISVILLE, - - KENTUCKY.

THE DAILY is pre-eminently the Political, Literary, Financial and Commercial Society and Club Newspaper of the South. In Louisville and Kentucky its popularity is unexampled; it enjoys a circulation incomparably larger than any other paper in the South, and its influence is more commanding than all other Southern newspapers combined.

THE WEEKLY.—The universal expression of advertisers demonstrates the weekly edition of the **COURIER-JOURNAL** to be the very best paying medium among the great weeklies of the country. Advertisers judge from returns obtained for a given investment in its advertising columns. The reason may be found in the fact this paper occupies a large and lucrative field alone.

WITH THE EXCEPTION OF *THE EVENING BULLETIN*, "THE MORNING CALL" IS THE ONLY NEWSPAPER ON THE PACIFIC SLOPE, WHOSE EASTERN ADVERTISING PATRONAGE JUSTIFIES IT IN MAINTAINING ITS OWN SPECIAL NEW YORK OFFICE AND REPRESENTATIVE.

EASTERN OFFICE,

NO. 7 *TIMES* BUILDING, NEW YORK CITY, WHERE ADVERTISING RATES AND ALL NEEDED INFORMATION CAN BE HAD ON APPLICATION.

ADVERTISEMENTS RECEIVED BY MESSRS. GEO. P. ROWELL & CO., 10 SPRUCE ST., NEW YORK, AND ALL OTHER RESPONSIBLE ADVERTISING AGENTS.

COLUMBUS, OHIO.

The Capital of Ohio is geographically nearly in the centre of the State, which fact, with its excellent location, had much to do with its selection as the site of the Buckeye Capital. It now contains—based on the directory census of 1886—seventy-five thousand inhabitants. In the distribution of wealth it is the second city in the Union. Within one day's journey of Columbus live two-thirds of the people of the United States. Within a radius of 600 miles is the most productive area of the Union. Such a circle circumscribed about Columbus not only holds much the largest population of any similar circle in the Union, but also embraces all the various productive belts delineated on the census maps of productive areas. Every section of this circle is in direct railroad communication with Columbus, from whose center radiate fourteen lines of railways, with all their various branches, reaching in direct lines every part of the Union. No other center in America has such surroundings, and is so well provided with railway facilities.

The Ohio State Journal

Was established, and since that day has continued to grow and thrive in the community in which it is located. It is one of the landmarks of the wealthy, populous and intelligent sections known as Central Ohio, in which it has long held the post of official organ in all public matters. Its MORNING EDITIONS are distributed early in all the cities and villages within a radius of one hundred miles from Columbus, and greets the waking traveler on all the flying trains that daily bowl across the State in every direction.

The WEEKLY EDITION has not its like or equal in Ohio as a distinctive Ohio paper, whose utterances command respect and attention. Its circulation, both in character and extent, is commensurate with the position it occupies in the newspaper field.

THESE SOLID FACTS,

To shrewd advertisers, need not be enlarged upon. If you have anything to sell that is worth having, and wish to bring it to the notice of people who have money to buy, get into the columns of the STATE JOURNAL at once. It costs but fairly and pays a good profit on the investment.

MANCHESTER,

NEW HAMPSHIRE.

The MIRROR AND FARMER, published at Manchester, N. H., established in 1850, has a larger New England circulation than any other weekly agricultural and family paper published. Since its enlargement, in 1882, it has gained more than 12,000, and its circulation is now 25,440, and is steadily increasing, so that it will probably reach 30,000 before the close of the year 1887. It circulates on its merits. Every person who subscribes for it does so because he or she wants it, and pays for it in advance—a fact which makes it an exception to every other of its class in the Eastern States. It circulates chiefly in the four Northern States of New England, but reaches patrons in every other Northern and Western State clear to the Pacific Coast. Its readers number more than one hundred and fifty thousand, and they believe in it. They include not only the intelligent, progressive, well-to-do farmers, but the most prosperous and enterprising tradesmen—who have many wants, and the money to pay for what they need. They buy freely and pay promptly.

The advertising rates of the MIRROR AND FARMER are, in proportion to its circulation and influence, lower than those of any other agricultural paper in the country, being but 18 cents each agate line, \$2.52 an inch, for each insertion, with liberal discounts for large orders. If you have anything to sell for money, tell the readers of the MIRROR about it; it will pay.

THE MANCHESTER DAILY MIRROR AND AMERICAN

Was established in 1850, has grown up with the city, is the leading paper in it, and is taken by all the people who have money to spend in this thriving place of thirty-eight thousand inhabitants, whose cotton mills produce two hundred and forty-five miles of cloth every day, and whose mechanics build fifteen locomotives each month and fifty steam fire-engines a year, and an endless variety of other products of skill and industry. The manufacturing corporations employ eleven thousand operatives, and pay over \$400,000 in monthly wages. As a local advertising medium the DAILY MIRROR surpasses all others published here or taken in the city.

In addition to this, Savannah does a large lumber exporting trade, and her merchants virtually control the entire lumber and timber business of the great Pine Belt of Georgia.

The people of the immense area tributary to Savannah naturally look to its newspaper for information concerning its markets. The constituency of

we have no right to yield, whatever be the consequences of our refusal. Nor ought we to yield even that which it is within our province to concede, if by so yielding we are to injure the one to whom we yield, or are to injure others involved in the issue. When, therefore, it would be wrong for us to yield to a demand or to a request—in view of the absolute right, or of the interests of others—we ought to stand in our refusal though the whole earth be shaken with the conflict which follows. But whenever, in such a case, we can yield with propriety, in order to avoid a conflict with those near, or with those more remote, it is our duty to yield. It is always a question whether a question of mere personal interest

This is quite natural, it may be said; but it is altogether praiseworthy? To be on a high plane of attainment or of achievement is worthy of every one's endeavor; but merely to be relatively higher than some one else, is no proof of true advancement. A student makes certain gains in his college course, but he is to be congratulated only if he has placed his gains place him near the head or the foot of his class, depends entirely upon the ability and the stoutness of his competitors; and there he has no responsibility, and deserves neither credit nor blame. Competition is to his advantage in the stimulus and the rest which it gives to individual endeavor; but the real measure of his worth is his individual attainment, not his relative attainment, apart from all comparison with others. It is better to reach a certain attainment and be last in the contest, than to be a little lower mark than that, and be first. Here is the chief objection to prizes, and to contests. A prize is for one who does what he can; a contest where man is measured is for a specified attainment, and which may be secured by illegitimate means. Prizes are objectionable in the case to the Sunday-

One of the puzzling questions to a person of a strong and positive nature is, How far ought I to yield my rights to another in order to avoid a quarrel? We have our rights to guard, and if we continually yield to unjust demands we invite aggression. Yet a quarrel ought to be avoided at every cost save that of wrong-doing.⁴ Where is the line of duty in this dilemma? Of course, we must not yield that which

All the way along in life this same principle shows itself. There are few parents who are not more pleased to know that their son or daughter stands at or near the head of the class in school or in college, than they would be to know that that scholar had made the same attainment in knowledge and in discipline of mind as now, while others in the class had done still better.

Yet one's nature and one's character are not identical, nor are they always alike; and one's character may be the result of indulging, or of repressing, one's natural traits. FOUR GREAT EDITIONS, DAILY, SUNDAY, TRI-WEEKLY AND WEEKLY.

"Progression" has been the motto of this now leading Western paper. In its mechanical department it ranks with the larger papers of Eastern cities, but in its system of news gathering it far excels the majority of even these. Its columns present an array of news from all the world, surprising to publishers of older cities whose ways are those of their forefathers.

THE WEST and all of the WEST is our field, being situated in the centre of an empire in point of industry, development and wealth, yearly increasing beyond comprehension. The advertiser and reader not identified with this region by the medium of its daily and weekly press has but a fragmentary interest in the crowning achievements of the American people.

The "Journal" for thirty-two years has been a part of, and a factor in, this great growth. The city of its home stands to-day among the leading cities in its clearing-house, being the eleventh on the list.

Louisville, Milwaukee, Providence, Indianapolis, Cleveland, Galveston, Minneapolis, St. Paul and a host of lesser places stand quoted far down the list, surpassed in the race for supremacy. In several of the leading products Kansas City's position is still nearer the highest, notably in the packing, live stock and grain interests.

As the growth of our city has been phenomenal so has the growth of the "Journal," always its leading paper.

TO THOUGHTFUL INVESTORS IN ADVERTISING SPACE:

WILL YOU REACH 15,578 HOMES INFLUENCED BY NO OTHER JOURNAL?

15,578 Subscribers pay for and read THE CHICAGO EXPRESS.

AGE-INFLUENCE-CIRCULATION.

It is well known that the older the standing of a weekly journal the stronger is its influence. The EXPRESS was established in 1823. The paper which is exclusively read by its subscribers always brings business. THE EXPRESS has no competitor on its own platform. Advertising pays at the regular rate if you get circulation. THE EXPRESS opens its books to advertisers.

No extraordinary discounts. No cut rates. No special editions. A plain body of 15,578 subscribers zealously attached to their paper. ALLEN LEE, Advertising Manager.

The Evening Bulletin.

SAN FRANCISCO, - - - CALIFORNIA.

ESTABLISHED IN 1855.

The leading evening journal in circulation and influence west of the Rocky Mountains. It is the recognized authority in all financial and trade circles, and, at the same time, is found in every cultivated and refined home on the coast.

It is distinguished for the brilliancy of its editorial matter, accuracy and completeness of local news, reviews of current literature, art and theatrical criticisms, and extent of foreign news.

It is a fact worthy of mention that on account of the geographical location of San Francisco the evening field of journalism possesses unusual advantages. The difference of time between San Francisco and New York and San Francisco and London being three hours and eight hours later, respectively, enables "THE BULLETIN'S" telegraphic correspondents to gather the world's news of each full day in time for publication at 4 P. M., thus spreading before its large constituency of readers the freshest incidents of every day twelve hours in advance of the morning newspapers.

The morning papers of the next day contain all "THE BULLETIN" telegraphic news, with a few additions gathered while the millions in the Eastern States and in Europe are asleep.

The proprietors of "THE BULLETIN" respectfully refer to the entire mercantile public, both importing and jobbing, as to the character of this journal for advertising purposes.

"THE BULLETIN" is read by the wealth and intelligence of the coast, while the masses consult its columns as attentively as the more cultured branches of society.

The Weekly Bulletin.

Is a mammoth twelve-page paper and reaches every town, hamlet and mining camp west of the Rocky Mountains, and presents unequalled claims to the advertiser who wishes to reach the masses of the interior.

The Weekly, 12 pages, the official organ of the county, with a circulation exceeding 3,000, and increasing steadily throughout the territory. Seattle is the best located for a trade centre of any city in the Union, whose possibilities are limited only by the possibilities of the great Northwest. Wholesale establishments have been built up by its merchants, which in the aggregate do a trade larger than the wholesale trade of any other city of the size of Seattle in the United States. As an advertising medium, therefore, the paper is unequalled.

Although some advertising is admitted, it must be of an acceptable character in every respect.

MERCANTILE EXCHANGE BUILDING, - NEW YORK.

One Dollar per Year, Ten Cents a Copy,

This monthly periodical enters upon its sixth year of publication under bright auspices, and with a determination on the part of the publisher to leave nothing undone which can possibly add to its usefulness and attractiveness. The magazine will in the future as in the past, supply its friends and patrons with reliable information concerning railroads, steamboats and steamship routes, time tables with distance and fares, guide to important cities, and other facts of interest to the travelling public. Its literary department will be kept at the same high standard which has given the publication a national reputation and made it so popular with readers in every part of the country. Stories, sketches, poems, bright jokes and witty paragraphs, emanating from many of the brightest writers of the day will find a place in its pages, and each number will overflow with quaintness, originality and refined humor. The American Farmer.

ESTABLISHED 1819.

BALTIMORE, - - - - - MARYLAND.

IS THE OLDEST AGRICULTURAL PAPER IN AMERICA.

Has been in the same hands for over forty years, and is a household word all through the Southern Atlantic States, in the farm-houses of which files of it may be frequently found running back to 1819. It goes amongst the most intelligent and prosperous farmers, planters and fruit-growers from Delaware to Georgia. Its circulation is believed to be larger than that of any other paper of its class in that region, and its position and influence at home may be inferred from the fact that its editor and proprietor is Secretary of the Maryland State Farmers Association, the Maryland Horticultural Society, the Maryland State Grange, the Maryland State Dairymen's Association, and of the Agricultural Society of Baltimore County—the largest, wealthiest and most populous in the State.

Its bright and interesting serial stories by such authors as Bret Harte, Prentice Mulford, and others, which are eagerly read, re-read, and borrowed and read again by every member of the community where. These are a few of the reasons why DIXIE LAND is a better paying medium than other journals of three times its circulation. These are facts wise advertisers do not disregard.

TIMES PUBLISHING CO., Proprietors.

El Paso—The Gateway to Mexico.

The Times—The International Organ.

THE TIMES PUBLISHES THE NEWS OF BOTH REPUBLICS AND CIRCULATES IN MEXICO AND THE UNITED STATES EVERY MORNING BEFORE BREAKFAST.

ADVERTISERS ATTENTION !!!

We desire to call the attention of every advertiser in the United States to the following authentic facts regarding the city of El Paso and the DAILY TIMES:

I.

The DAILY TIMES is the only morning daily newspaper published in El Paso.

II.

The TIMES publishes daily the Associated Press Dispatches, being the only paper possessing this franchise within an immense scope of territory.

III.

The DAILY TIMES circulates in Texas, Old Mexico, Arizona, New Mexico, California and Colorado. We make a SPECIAL FEATURE of THE SUNDAY TIMES, the largest, newsiest and best WEEKLY PAPER in this section. It has a larger circulation than all the other papers in El Paso combined.

IV.

The TIMES is a prosperous newspaper, constantly increasing its circulation and business. This is a weighty fact with advertisers.

V.

El Paso is the liveliest and most important city between Galveston, Texas, and Los Angeles, California, a distance east and west of 1,700 miles, and between the City of Mexico and Denver, Colorado, a distance, north and south, of 2,000 miles.

El Paso's growth has been, and still is, phenomenal. It is also very substantial, the buildings, both business and residence, being almost entirely of brick.

VI.

The business of El Paso has grown beyond all expectations, Groceries, Hardware, Drugs, Agricultural Implements, Machinery, Wagons and Buggies, Rio Grande Fruits, Blooded Live Stock, and many other articles being distributed in enormous quantities through this immense territory.

VII.

El Paso is the only inland highway of trade between the United States and Mexico. The trade between these two countries passing through El Paso is very heavy and constantly increasing.

Take any ordinary railroad map, locate El Paso as the centre of five great Trunk Line Railroads, glance at the country tributary and you will see that we are correct.

**The Best Possible Medium for Advertisers who Desire to Reach the
Eyes of the Fashionable World.**

GEO. P. ROWELL & Co., Agents, 10 Spruce St., New York.

Glasgow Journal.

GLASGOW, - - - HOWARD CO., MO.

THE "GLASGOW JOURNAL" WAS ESTABLISHED IN 1863, AND IS THE

OLDEST PAPER IN THE TOWN.

Glasgow is the largest town in the County, and is the wealthiest town of its size in the State. It is located in the corner of Howard County, adjoining the wealthy and populous counties of Chariton and Saline. Thus situated, THE JOURNAL commands in these three counties a list of readers who cannot possibly be reached through any other medium.

The policy of THE JOURNAL in these hard times has been, and is, to improve its quality as a newspaper, instead of cutting down its prices. Outside its local staff, THE JOURNAL spends more money in working up the county news than any other paper in the county. Its circulation is therefore increasing steadily, albeit gradually—a sure and permanent growth.

TERMS: CASH WITH ORDER.

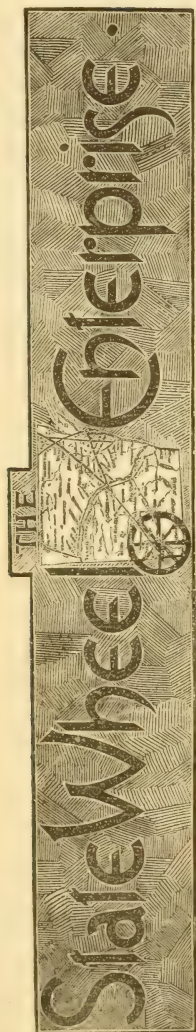

Trade propositions not considered or answered. References not wanted. Advertising contracts with THE JOURNAL can be made as cheaply through GEO. P. ROWELL & Co., 10 Spruce Street, New York, as with THE JOURNAL directly.

BALTIMORE, - - - MARYLAND.

Price \$3.00 a Year.

Single Copies, 10 Cents.

THE MANUFACTURERS' RECORD IS A WEEKLY PAPER DEVOTED TO THE
MANUFACTURING, MINING AND RAILROAD INTERESTS, AND THE GENERAL
INDUSTRIAL PROGRESS OF THE SOUTHERN STATES.

SOUTHERN TRADE.

The MANUFACTURERS' RECORD is a paper that has identified itself with the development of the Southern States; it is the recognized exponent of the South's industrial interests. It has from the beginning made that its special field of labor, and in it it has practically no rival; it stands pre-eminent. In the South it has widespread influence. It is read and quoted and commended in every section of the fourteen Southern States. It numbers among its subscribers the most prominent houses and the officers of the largest corporations in the Southern States; the proprietors of mills and factories in every line of manufacture, leading contractors, hardware dealers, the presidents and managers of railroads, mining companies, pig-iron furnaces, cotton mills, banks, etc. It is not a mere advertising sheet; it is a pushing, live, enterprising, vigorous paper. Its matter is fresh, interesting and original. It differs from all other industrial papers in that it has a specialty—a mission—viz.: the advancement of the South. It is a paper that is not thrown aside, but is read. Its utterances are considered of value, and every issue is looked for with interest by its subscribers.

In view of the importance of the special field of the MANUFACTURERS' RECORD—the South—and its standing and influence in that field, it offers to manufacturers of machinery of all kinds, mill, factory, mine and railroad supplies, hardware, roofing, builders' material, etc., unequalled advantages as an aid in securing a share of the trade of the South, which is assuming such enormous proportions, and which must continue to grow indefinitely.

INFORMATION ABOUT THE SOUTH.

The marvelous mineral and timber wealth of the Southern States, their unrivaled capabilities as a manufacturing area, and the astonishing progress they are making in developing their natural resources and in utilizing their facilities for manufacture, are attracting the attention of the whole world. The extent of these resources and advantages is so fully and carefully set forth, and the progress of this development so faithfully chronicled from week to week in the MANUFACTURERS' RECORD, that it is now accepted everywhere as unquestioned authority on Southern affairs, and its statistics and statements are drawn upon by almost every writer or speaker on any Southern topic.

Its weekly issues constitute an authentic history of the industrial progress of the Southern States. It furnishes every week a vast variety of information on Southern affairs that can be gained from no other source. It discusses in its editorial columns and in its correspondence every topic of Southern interest. It presents the resources and the development of the South in all their phases. To all who are in any way interested or concerned in the prosperity of the South, or who care to keep posted as to the industrial and commercial progress of that section, the MANUFACTURERS' RECORD is indispensable.

It has a constantly increasing circulation among capitalists and others in the North and West, who desire to keep informed as to Southern affairs.

THE BALTIMORE
Journal of Commerce
 and Price Current.

A WEEKLY PAPER DEVOTED TO THE GENERAL COMMERCIAL INTERESTS
 OF BALTIMORE AND THE SOUTH.

BALTIMORE,

-

-

-

MARYLAND.

PRICE: \$3.00 A YEAR; SINGLE COPIES, 6 CENTS.

The Only Paper in the South for Grocers, Country Merchants, Commission Houses, Shippers of Produce, etc.

THE JOURNAL OF COMMERCE was purchased by the present publishers in August, 1886, from the estate of the late George U. Porter, who established it in 1850. It is the only general trade paper of any standing in the entire South, and has for 36 years been the acknowledged exponent and representative of the commercial interests of Baltimore. The present publishers have given it a wider field, and it is their purpose to make it a paper that will be indispensable to every merchant in the Southern States. It is under the same management that has in four years brought the *Manufacturers' Record* to its present position as the most widely known and quoted industrial paper in the country. Since taking possession of THE JOURNAL OF COMMERCE the publishers have inaugurated several changes, omitting some features and adding others; and they will endeavor to make every issue an improvement upon the last. There is nothing slow or antiquated about it. It is live, vigorous, enterprising and wide-awake; always up with, or in advance of, the times, and thoroughly readable. In its editorial and news columns it deals with live topics in a live manner. Its review of the markets and quotations of prices are exhaustive; are compiled with the utmost care, and present the most satisfactory, thorough and reliable reflex of the state of the markets.

The attention given to matters of general commercial interest, its General Jobbing Quotations, and accurate review of the markets in FOOD STUFFS, GRAIN, FLOUR, TOBACCO, LUMBER, COTTON, NAVAL STORES, and PRODUCE IN GENERAL, make the paper of special value to Country Merchants, and to Grocers, Commission Houses and Shippers of Produce.

THE PAPER HAS NOW A LARGE CIRCULATION AMONG THIS CLASS OF TRADE, in Maryland, Virginia, West Virginia, North Carolina, etc., and its advertising columns offer a MOST VALUABLE MEDIUM through which WHOLESALE GROCERS and DEALERS in FOOD SUPPLIES, MANUFACTURERS OF SPECIALTIES, COMMISSION HOUSES and JOBBERS IN GENERAL may reach the trade in these States and farther South.

The American Flag,

A WEEKLY AMERICAN NEWSPAPER, PUBLISHED AT

WASHINGTON, - - DISTRICT OF COLUMBIA.

JOHN F. LIPPARD, Business Manager and Publisher.

SUBSCRIPTION : Two Dollars per Year ; Single Copies, Five Cents.

ADVERTISEMENTS INSERTED AT REASONABLE RATES.

Business men will find it to their advantage to advertise in THE FLAG, circulating as it does in all parts of the continent. Especially is the advertising patronage of all AMERICAN BUSINESS MEN EARNESTLY SOLICITED.

THE CIRCULATION OF "THE AMERICAN FLAG" IS UNPRECEDENTED IN THE HISTORY OF WEEKLY JOURNALISM IN AMERICA.

It is the mouthpiece of the hundreds of patriotic American Orders, and goes into the American homes of the land.

It is independent in politics, and devoted to the interests of pure Americanism. It confidently expects the support of all AMERICANS who love freedom and respect the flag. It believes the time has come for a return to the patriotic impulses and lofty sentiments that actuated WASHINGTON and the Founders of the Republic.

It fears for the perpetuity of our sacred institutions when it sees the constant influx of alien anarchists; the fading of our flag from the high seas; the indignities heaped upon Americans at home and abroad; the debilitated and dismantled state of our navy; the fatal feebleness of our fortifications; the steady encroachment upon our public schools—the surest bulwark of a free state. It believes the time has fully come when

AMERICANS SHOULD RULE AMERICA.

It believes in the "typical American," and urges that none but Americans should be put on guard.

It has no quarrel with any man's religion; but it stands ready to fight even that, if it is used as a means with which to undermine and overthrow our sacred American institutions. It acknowledges fealty to nothing but God and the American Government, and will fight the enemies of constitutional freedom in America, in whatever shape they make the attack.

LET ALL PATRIOTIC AMERICANS SUSTAIN US IN THIS HOLY AND RIGHTEOUS WARFARE.

THE TENNESSEE BAPTIST.

356 MAIN STREET. GRAVES & MAHAFFY, Publishers **MEMPHIS, TENN.**
Largest circulation and is the oldest Baptist paper in the Southwest. Now in its 44th year.

It is a fact well known to experienced advertisers that the most profitable medium is a weekly religious paper, having a thoroughly-established reputation and a large circulation. So far as the standing of **THE TENNESSEE BAPTIST** is concerned, its age speaks for itself. Its circulation is distributed principally in the States of Tennessee, Mississippi, Arkansas and Texas, with a fair list in Missouri, Kentucky, Alabama, Georgia, Virginia, North and South Carolina, and the Territories. That subscribers read all the advertisements in a paper of such general circulation and varied contents as **THE TENNESSEE BAPTIST** is evidenced by the continual renewals of contracts by old advertisers. We believe in the "live and let live" motto, but know that such cannot be the case when extravagant prices are asked and received by publications with no larger circulation than **THE TENNESSEE BAPTIST**. We ask a reasonable price for our space, and secure as a result a very liberal patronage.

PUBLISHED BY

THE EARTH PUBLISHING COMPANY,

40 BROAD STREET, - - - NEW YORK.

PHILADELPHIA OFFICE, 430 WALNUT STREET.

ADVERTISING RATES, 2 CENTS PER WORD.

SUBSCRIPTION, Two Dollars Per Year, IN ADVANCE.

The EARTH!! Who does not want it?

When has it ever been within the reach of the humblest American citizen?

Yet to such extent has enterprise come at last, that it is in the market, all girdled as it is with the fantastic wire, lighted by electricity, bearing on its laboring sides the ant hills of human industry, while the tangled cobweb of steely rails and the smoky tracks of the speeding locomotive, and the ocean greyhounds tell of the restless activity of its denizens.

Such as it is, with its beauties and its blemishes, we shall present it to our readers, and whether the picture be flattering or the reverse, it will always be—true. They shall have it at a price at which none can cavil—two standard dollars for a year! Was ever the earth sold before? While many worlds encompass us, there is, as there has been, but one earth. We have it. It is too large for us to keep it all Week by week, moved by a fellow interest in humanity, we shall feed it out to those who are crying for it. The weekly has its advantages over the daily plan. It is more satisfactory.

In this great undertaking we shall steady ourselves upon the four quarters of the globe, resting upon religion, politics, finance and art, and from thence distribute to the people that portion of the EARTH to which they are entitled.

We shall not only present the current fraction in portable shape, in its most attractive garb, but shall use the lens upon that portion of it embraced within our city and State, and reflect its realities, as seen in the lobby, the club, and the foyer.

161 BROADWAY, - - - SOUTH BOSTON, MASS.

WHAT THE BOSTON PRESS SAYS ABOUT US.

THE TRIBUNE.—Saturday THE SOUTH BOSTON TRIBUNE appeared in an enlarged form. The editor and proprietor, Mr. Joseph B. Gomez, deserves great credit for his enterprise and perseverance. The readers are promised weekly the latest sermon by the Rev. Dr. Talmage, of Brooklyn; also, a Children's Column. It is already the banner paper of the district.—*The Evening Traveler*, May 12, 1886.

THE SOUTH BOSTON TRIBUNE began its fourth volume Saturday with an enlarged paper. This is the third time the paper has been enlarged since its establishment, and during the past year many improvements were introduced to increase its value, and it is now the leading family paper in the district. Mr. Joseph B. Gomez, the editor and proprietor, deserves much praise for the business tact shown in its management; and he announces that hereafter he will publish every week the latest sermon of the Rev. Dr. Talmage, of Brooklyn, N. Y.—*The Evening Record*, May 19, 1886.

THE SOUTH BOSTON TRIBUNE begins its fourth year of prosperity to-day. It is without doubt one of the most interesting weeklies among our exchanges. It may well be called the "Peninsula's Leading Journal."—*Boston Herald*, May 8, 1886.

GOOD REASONS FOR ADVERTISING IN "THE NEWS."

The paper comes before the people you wish to reach. It is the best journal of its kind published in the country. It has a larger circulation than any other distinctively watering-place society paper. If you are the proprietor of a Hotel, your advertisement insures you valuable mention in the local or "On Dit" column, and the publication of a reasonable amount of correspondence from your Hotel. A large number of copies are mailed regularly by the hotel proprietors of Richfield to their guests of former seasons. On the first of January of each year, from 10,000 to 15,000 sample copies are mailed to the very class you wish to reach. The publication is not conducted in the interest of any one hotel or restricted to any particular resort. It is the purpose of its projectors to make it of value to each of its patrons.

THE SARATOGA EDITION.—We shall publish next summer an edition especially for Saratoga Springs, edited and printed at that resort, and in every way equal to the Richfield issue. Applications for space in this edition may be made either to Mr. H. Bradford Rockwood, Manager of the Saratoga Bureau of THE RICHFIELD NEWS, or directly to ourselves.

Publisher.

Average Weekly Circulation, 10,400. Subscription Price, \$2.50 a Year.

A model publication, high toned and elegant, unique in its characteristics, to which its able and energetic publisher has devoted years of toil and thousands of dollars in order that the labor of love in placing it in the front rank of the high-class publications of the world should meet with deserved and enduring success. It is known, read and appreciated from Maine to Mexico, and the tourist in foreign climes finds it a sweet reminder of friends and home. It is in all respects unapproached and unapproachable. Advertisers seeking access to the cultured and refined classes of the English-speaking world will find *OUR SECOND CENTURY* *ne plus ultra*.

Mrs. Deihm will be gratefully remembered, not only by the present generation but by posterity, for her generosity and patriotism in connection with that most valuable and enduring work of art known as the

CENTENNIAL SAFE,

The only article taken from the Centennial Exhibition to the National Capital, as worthy of the nation's care, and which will be remembered by visitors to the Centennial with a pleasure second only to that surrounding the event of which it was not the least important feature.

TO WHOM IT MAY CONCERN: We have taken for five years (it now being our sixth year), C. F. Deihm's papers, *OUR SECOND CENTURY* and *DEIHM'S SAFE JOURNAL*, and have never missed a copy, and we have no hesitation in saying it is one of the best family papers published in this city.

HON. PETER COOPER.

While catering to the wants of society, Mrs. Deihm does not forget our mercantile affairs. Quarterly she publishes

It is the merchant's *vade mecum*, and is a complete embodiment of everything which it pays to know regarding the standing and availability of the various business houses with which either residents of the metropolis or transient visitors may find it necessary to transact business successfully and economically.

Mrs. Deihm does not issue paste publications, but is the publisher of what are universally regarded as among the brightest and purest jewels of journalism.

ITS LEADING ATTRACTIONS ARE:

1. ORIGINAL COMMUNICATIONS.—The list of our contributors includes many well-known names. Many articles will be illustrated by full-page heliotypes, photo-engravings or woodcuts. 2. ELEMENTARY DEPARTMENT.—This department will be devoted to short, practical articles on the use of the microscope and its accessories, injecting, staining, mounting, histological and pathological specimens, the preparation and mounting of insects, vegetable sections, etc. In time it will form a complete treatise on general microscopical technology for beginners. 3. PROCEEDINGS OF SOCIETIES.—These reports will be furnished by the secretaries of the societies, and one or more will appear in each number of the magazine. 4. EDITORIAL.—Will deal with various questions relating to microscopical science, and to bring current events to the notice of our readers. 5. TECHNOLOGY.—All the latest ideas in regard to preparing, preserving, staining and mounting microscopical material will be given, so that at the end of the year the reader will have in Technology alone a valuable handbook of microscopical technique, gathered from reliable sources both abroad and at home. 6. ABSTRACTS.—The leading scientific periodicals of America, England, Germany and France will be drawn upon to supply, in this department, the latest information in all that pertains to microscopy. 7. NEWS AND NOTES.—Will continue to furnish short paragraphs and items of interest on current events. The latest science news and progress will be found in these pages. 8. BOOK REVIEWS.—We shall aim to make these notices of as much service to our readers as to the authors and publishers. 9. CORRESPONDENCE AND QUERIES.—Letters and queries from subscribers will be answered and much valuable information given. 10. EXCHANGES. While in the past THE MICROSCOPE has given the subscriber more than an equivalent for the yearly dollar invested, the various departments alluded to demand more room; and in order to accommodate the increasing amount of material, and to place this journal in the foremost rank of scientific publications, the publishers have decided to increase the amount of reading space, and in the future give THIRTY PAGES of solid matter; thus making in all a volume of 360 pages filled with the latest and most scientific microscopical knowledge. The Subscription Price, ONE DOLLAR, will remain the same.

THE ORIGINAL HOTEL PAPER OF THE UNITED STATES.

THE

Daily National Hotel Reporter.**CHICAGO,**

- - -

ILLINOIS.OFFICIAL ORGAN OF THE HOTEL MEN'S MUTUAL BENEFIT
ASSOCIATION OF THE UNITED STATES.ON FILE DAILY IN 1,200 HOTELS, AND RECOGNIZED BY HOTEL MEN
EVERYWHERE AS THE LEADING PAPER OF ITS CLASS.

As an advertising medium for hotels it positively has no equal, for the reason that its columns are more largely read by travelers and hotel patrons than those of any other paper published. It is not, like weekly hotel papers, read by hotel men only and then thrown aside, but being of interest and value to the merchant, salesman, traveler and general reader, is daily sought by them for information concerning hotels in all parts of the country.

OPINIONS OF HOTEL MEN.

I could not keep hotel without the "National Hotel Reporter."

W. B. CASWELL,
Proprietor St. Nicholas Hotel, Joliet, Ill.

The "Reporter" is the best hotel paper in America. We could not do without it.

C. B. DRAPER,
Manager Draper Hall, Oconomowoc, Wis.

I patronize the "Daily National Hotel Reporter," and believe it to be an excellent advertising medium.

POTTER PALMER,
Proprietor Palmer House, Chicago.

It affords us much pleasure to make you a remittance in payment of our advertisement, as we consider it money well invested.

MUMFORD & WATSON,
Proprietor City Hotel, New Orleans, La.

We recognize in the "National Hotel Reporter" a paper of inestimable value to the hotel fraternity, and one which we could not well do without.

RAND BROTHERS,
Proprietors St. Cloud Hotel, New York City.

The "National Hotel Reporter" deserves great credit for its endeavor to raise the standard of cookery, table service, etc., in American hotels.

J. E. KINGSLEY & CO.,
Proprietors Continental Hotel, Philadelphia.

I have been a constant reader and patron of the "Daily National Hotel Reporter" from its commencement. It is a first-class hotel paper and worthy the great success it has attained.

JOHN A. RICE,
Proprietor Tremont House, Chicago.

May the "National Hotel Reporter" continue to be our shining light in the future as it has been in the past; and may its proprietors reap the full financial reward which their enterprise has earned.

GEO. W. WESLEY,
Proprietor Weddell House, Cleveland, O.

I hold the "National Hotel Reporter" in high esteem. It has done and is doing a good work for hotel interests. I confess to having learned much from its columns. May it live long and prosper.

J. Q. HAMILTON,
Proprietor Commercial Hotel,
Pleasanton, Kan.

I take pleasure in sending you our card for insertion in the "National Hotel Reporter," and it will afford me still greater pleasure to pay for it. The "Reporter" is both brilliant and witty, and when dealing with business matters is solid and serious. Of all the papers that reach our hotel none is so gladly welcomed or so carefully perused as the "Hotel Reporter" from Chicago.

Proprietor Harnett House, Savannah, Ga.

The Medico-Legal Journal.

A Quarterly Devoted to the Science of Medical Jurisprudence.

PUBLISHED UNDER THE AUSPICES OF THE MEDICO-LEGAL SOCIETY OF
THE CITY OF NEW YORK.

128 BROADWAY, - - - NEW YORK CITY.

CLARK BELL, Editor.

It is a noticeable fact that there is no journal at present, in any part of the world, devoted exclusively to this subject. This publication, consequently, will occupy an entirely new field, and in that respect may claim for itself the notice of members of the legal and medical professions in every country. It hopes to do even more than this, and by presenting the subjects and topics which properly come within its scope, in a clear and attractive manner, to command the attention of the general reader and enlist his support.

This journal will publish the leading papers of the Medico-Legal Society, and a resume of its transactions, with portraits of distinguished men of both the Legal and Medical professions. Its columns will at the same time be open to contributions from all sources and from all parts of the world, on appropriate subjects and questions. It will endeavor to chronicle interesting facts and scientific deductions within its domain, and keep a record of current events, especially in the trial of cases in the courts which involve Medico-Legal questions.

The price of THE MEDICO-LEGAL JOURNAL has been fixed at \$3.00 per annum or 75 cents per copy, in the hope and with the expectation of its receiving a generous support from all classes of intelligent readers. Every branch and department of Medico-Legal Science will be carefully represented, and assurances have been received from the ablest professional names in Law and Medicine of efficient aid and support by way of contributions to these columns. The circulation has increased fourfold since the first issue, and is constantly increasing. As will be seen, THE JOURNAL has become a valuable advertising medium, as it reaches both professions and the great libraries.

Series two and three Medico-Legal Papers will be sent on request. Price—Cloth \$3.50; Paper, \$2.50.

Subscriptions are solicited, which may be made to THE JOURNAL, to any officer of the Medico-Legal Society, to CLARK BELL, Esq., 128 Broadway, New York, of whom specimen copies can be obtained on application, at a cost of 40 cents each.

Home Mail.

PHELPS, - - - NEW YORK.

PUBLISHED MONTHLY.

THE EX-SOLDIERS' REUNION AND NATIONAL CAMP FIRE. THE ONLY PAPER
OF ITS KIND IN THE UNITED STATES MAKING A SPECIALTY OF
JOKES, INCIDENTS AND REMINISCENCES OF
"YANKS" AND "CONFEDS."

The HOME MAIL for 1887 will embrace many new attractions in addition to its old time-honored specialties, prominent among which will be the accession of several NEW AND TALENTED CONTRIBUTORS, whose able productions will aid materially in enriching our pages throughout the year. ORIGINAL ILLUSTRATED ARTICLES will also add newness and variety.

In the January number will be commenced an Original War Story, by Prof. H. C. KIRK,
THE EVENING GUN, AN EPISODE OF THE REBELLION.

With Original Illustrations by Wader. This story is one of the best efforts of Mr. KIRK, founded on actual occurrences, the author himself being an officer in the Fourth New York Heavy Artillery during the war.

AMONG OUR BRIGHTEST ATTRACTIONS FOR 1887 WILL BE THE ORIGINAL POEMS BY COL. SHERMAN D. RICHARDSON,

One or more of which will appear in every number. Mr. Richardson's Poems have a peculiarly enthusiastic charm-power that has given them a world-wide reputation. His success in serio-Comic Readings has been marvelous and spread his merited fame into every Grand Army coterie in the land.

PROF. WILLIAM ROBERT BROOKS,

Of the "RED HOUSE OBSERVATORY," will enrich our table of contents with ASTRONOMICAL NOTES. His contributions will be pleasing, instructive and highly entertaining.

OUR "CORPORAL MICK" SKETCHES

Will capture all G. A. R. boys in a furor of delight. Mick is a host, with more fun and trouble than a little. He has a passion for dropping into Post meetings, reunions, campfires, etc. His sketches are racy.

TRUE STORIES OF ARMY LIFE,

By HON. JAMES FRANKLIN FITTS.

Mr. FITTS is an exceedingly entertaining writer, and his articles will afford our readers special delight and good cheer.

THE HOME MAIL CONGRESS.

An Original Feature designed for young people of both sexes to write on current topics and matters of general interest—the ladies to belong to the Senate, the gents to the House of Representatives. This Department will afford scholars and literary aspirants an unparalleled opportunity for practice.

THE CHIP BASKET

Gives promise of special pleasure and entertainment. It certainly will be rich if there are many "chip" writers.

These are only some new attractions with which to embellish the HOME MAIL of 1887. Its Soldier Stories, Jokes, etc., by Yanks and Confeds, will be continued. It will be kept, in truth, what it always has been, "The Favorite Soldier Paper of America."

"AS OTHERS SEE US."

As to whether it will pay to seek trade of this section, the following extracts from the *St. Louis Post-Dispatch* of February 21, 1897, will prove conclusively:

SAN ANGELO

is not a straggling town, but a city of fine buildings and magnificent natural advantages, and her citizens have evinced their confidence in the future of the place in the permanent character of their structures. Over \$20,000 has already been expended in school property. Private enterprise has built an ice factory, at a cost of about \$30,000. The capacity is five tons daily. One of the best criterions by which to gauge the future of a town is to note the enterprise displayed by its citizens. San Angelo, if enterprise is indicative, has a future that will place her on a par with the best cities in the State. The people by home subscriptions formed a stock company and put in a complete system of water-works at a cost of about \$50,000. In addition to these improvements San Angelo has a fully equipped roller mill of the very latest model, with a capacity of 100 barrels of flour per day. Telephone and electric light companies are organized, and ere long the darkness of night will be dispelled, as it is the intention to very soon put in an electric plant. Capacious stores, filled with merchandise brought from all portions of the habitable globe, and which is sold in competition with railroad towns, adorn her streets and avenues. Three banks give her citizens banking facilities unsurpassed in the State, and represent a capital of \$550,000. Already there are some handsome residences, and each week adds something to the strength of the city. One cannot fully appreciate the force of all this enterprise until he remembers that, during nearly all this time of growth, San Angelo has brought her lumber and hardware from San Antonio by wagons—a distance of 220 miles. It has only been during the past four years that the nearest railroad point for San Angelo has been within 100 miles.

San Angelo is blessed with large supplies of building stone, and as the quarries lie within easy distance of the city, most of the prominent buildings are built of stone which is very handsome in appearance and as enduring as granite. The court-house and jail, completed last year, the former at a cost of \$73,000, the latter \$23,000, are of stone, and of a style of architecture equal to any in the State. The ladies of the city have, by public entertainments and festivals, succeeded in placing a \$1,500 clock in the tower of the court-house.

There is not a city in the whole great State of Texas that can boast of a higher or better grade of social influences than is to be found in San Angelo. San Angelo bases her claims for future commercial importance, partly upon the fact that she is situated in the center of 1,250,000 acres of tillable land that will ere long be turned into farms which will pour their products into and take their supplies from her markets; that over one and a quarter million pounds of wool and over \$800,000 worth of beeves are sold annually; that the wages of the troops at Fort Concho, which finds its way into San Angelo trade, amounts to \$8,000 per month; that the contracts for supplying the post with wood, hay, beef, etc., amount to nearly \$50,000 per year.

San Angelo will be one of the great railroad centers of Texas. Already the Arkansas Pass Railroad is preparing to extend its line to San Angelo. The Abilene & San Angelo Railroad has been surveyed as far as this point, and the work of construction is expected to commence this summer. The Gulf, Colorado & Santa Fe is now at Ballinger, thirty-five miles from San Angelo, and the first of May will find them pushing for this city. But the main road is the proposed extension of the St. Louis, Arkansas & Texas Railroad to San Angelo.
